

SEJAL SUNIL KADAM

Mumbai, India | +91-9324214592 | sejal.mbaa25135@iimkashipur.ac.in | [LinkedIn](#) | [Portfolio](#) | IIM Kashipur

EDUCATION

Degree	Year	Institute	Score
MBA - Analytics	2025 - 2027	Indian Institute of Management, Kashipur	
B.Tech - CSE	2019 - 2023	Maharashtra Institute of Technology, Pune	9.53 / 10 CGPA
XII - State Board	2019	Pace Junior College, Navi Mumbai	73.54%
X - CBSE	2017	D.A.V Public School, Navi Mumbai	10 / 10 CGPA

WORK EXPERIENCE

Dure Technologies, Mumbai | *Associate Software Engineer* July 2023 - Feb 2025

- Led a full-scale Angular 1 to React 18 platform migration for a mission-critical healthcare product within a 3-month deadline, managing delivery and data-security compliance, improving **UI responsiveness by 40%** and **scalability by 30%**
- Managed sprint-based delivery of feature enhancements across 2 healthcare products (One Data Connect, FP Data Pro), coordinating cross-functional stakeholders and documentation to ensure on-time, integrated releases
- Directed development of **15+ backend APIs** and **20+ product screens** for healthcare data interoperability, and led remediation of critical VAPT findings - closing data exposure and authentication gaps to strengthen platform risk and compliance posture

INTERSHIPS

Godrej Agrovet, Mumbai | *Summer Intern* | [LoadOpt Pro](#) Apr 2026 - May 2026

- Identified intuition-driven planning as the root cause behind returns rising **17% to 32%** (FY24-FY26), and built an automated Python forecasting pipeline at DPU-level (SKU*Region*Month) across 155 SKUs/11 zones, achieving **~21% WMAPE** at annual level
- Developed 30 forecasting models across 8 demand-pattern buckets (Croston, Holt-Winters, Exponential Smoothing) and an ABC-XYZ segmentation to classify SKUs by sales and variability, visualized via a Power BI dashboard
- Designed LoadOpt Pro, a 3D bin-packing optimization tool (NP-hard) with gravity-validated placement and a 50/50 volume-weight efficiency score across 8 fleet truck types, reducing manual dispatch-planning effort through automated multi-container allocation

BizAmica Software Pvt Ltd., Pune | *Software Intern* July 2022 - Dec 2022

- Built a signature verification model for a nationalized bank client using computer vision (OpenCV), achieving **90%+ accuracy** distinguishing forged from genuine signatures
- Implemented an OCR/ICR-based document processing pipeline (ML, NLP, Neural Networks) to auto-classify and extract data from handwritten, multilingual bank documents
- Deployed AI-driven document automation across **5+ industries**, replacing error-prone workflows with faster, high-volume processing

PROJECTS

VeritasIQ - Verified Intelligence | *GenAI, LLM, RAG, Semantic Search, Vector DB, NLP* | [VeritasIQ](#)

- Architected a RAG-based verification engine cross-validating company data across 5 independent sources (exchange, Wikipedia, news, filings, ratios) - auto-tagging claims Verified/Conflicting/Unverified instead of trusting single-source or raw LLM output
- Designed a semantic claim-matching + scoring pipeline (LangChain, ChromaDB, Sentence-Transformers embeddings, cosine similarity, 8% tolerance model) to resolve cross-source conflicts into one Verification Score
- Integrated Groq LLM to generate SWOT/Porter's/Bull-vs-Bear narratives grounded in pre-verified data, reducing hallucination risk

SKILLS

Analytics & BI Tools: Power BI, Tableau, Excel (Advanced), SQL, Python, GitHub, Statistical Forecasting

GenAI & Applied AI: GenAI, LLM, RAG, NLP, Prompt Engineering, Vector Databases, Machine Learning, LangChain

Methods & Frameworks: Product Lifecycle Management, Stakeholder Management, Agile/Scrum, Lean Six Sigma, EDA, ETL, Jira

POSITIONS OF RESPONSIBILITY

Exchange Coordinator | *International Relations Committee, IIM Kashipur* 2025 - Present

- Orchestrated exchange programs across 10+ global partner universities, boosting uptake through stakeholder communication
- Spearheaded international events, MUNs, and cross-cultural summits, engaging **150+ participants** and elevating global footprint
- Negotiated and onboarded new university alliances while deepening existing MOUs, expanding global exposure for **500+ students**

Organizing Committee Member | *Aarohan, MIT-WPU, Pune* 2019 - 2021

- Led end-to-end execution of Aarohan, MIT-WPU's 3-day flagship cultural fest, achieving **1000+ participant** turnout
- Oversaw artist coordination and seamless logistics across 3 marquee events - Pronite, Comedy Nite, Youtuber Fest and Theatre Fest
- Mobilised **200+ volunteers** across community drives including Run for Peace, Blood Donation and Tree Plantation campaigns

EXTRA-CURRICULAR ACTIVITIES & ACADEMIC ACHIEVEMENTS

- Published IEEE research paper on '[Star Galaxy Classification using DL](#)' - achieved high accuracy image classification model 2024
- Completed 6 years of Bharatanatyam training at Indian Cultural Academy; awarded distinction for cultural excellence 2022
- Volunteered with iVolunteer (NGO) - facilitated educational and life-skills sessions for underprivileged children 2019
