

SEJAL SUNIL KADAM

Mumbai, India | +91-9324214592 | [Email](#) | [LinkedIn](#) | [Portfolio](#) | IIM Kashipur

Aspiring analytics/consulting/product professional bridging software engineering and data-driven decision-making

EDUCATION

Indian Institute of Management, Kashipur — MBA, Analytics 2025 – 2027
Maharashtra Institute of Technology, Pune — B.Tech, Computer Science | CGPA: 9.53/10 2019 – 2023

WORK EXPERIENCE

Dure Technologies, Mumbai | *Associate Software Engineer* July 2023 - Feb 2025

- Led a high-stakes legacy-to-modern platform migration on an enterprise healthcare system within an aggressive 4-week window — delivering **30% performance** improvement and **10-15% infrastructure cost** reduction with zero critical post-migration incidents
- Enabled healthcare data interoperability by engineering **20+ FHIR-compliant interfaces**, streamlining cross-system data exchange and reducing integration friction for downstream healthcare partners
- Strengthened regulatory compliance and application security by identifying and remediating **10+ vulnerabilities** through VAPT audits
- Orchestrated **15+ integration pipelines** while overseeing agile delivery across 4 cross-functional teams — accelerating release velocity and aligning sprint planning with product roadmap goals

INTERNSHIPS

Godrej Agrovet, Mumbai | *Summer Intern* | [LoadOpt Pro](#) Apr 2026 - May 2026

- Addressed a business-critical demand forecasting gap - sales returns had nearly doubled (17% to 32% over 3 years) due to manager-intuition-driven planning - by building a statistical prediction pipeline across Crop Care, achieving **~22% WMAPE** at annual level
- Performed **ABC-XYZ segmentation** across ~450 SKUs, identifying ~34% as high-value/high-variance, visualized via a Power BI dashboard adopted by supply chain planners for weekly replenishment decisions
- Devised 30 models across 8 demand-pattern buckets (**Croston, Holt-Winters**) to address intermittent, seasonal, and lumpy demand
- Designed LoadOpt Pro, a **fleet-loading optimization** tool solving 3D bin-packing — gravity-validated placement and dynamic multi-container allocation across 8+ truck types — cutting manual dispatch-planning effort via a 50/50 volume-weight efficiency score

BizAmica Software Pvt Ltd., Pune | *Software Intern* July 2022 - Dec 2022

- Tackled a high-touch, error-prone industry problem — manual processing of high-volume multilingual documents across banking, retail, and logistics — by contributing to an **AI-driven Cognitive Document Processing** platform enabling auto-classification at scale
- Processed **1000+** documents using OCR/ICR, automating extraction across structured, semi-structured, and unstructured formats
- Built a **computer-vision**-based signature verification model for a nationalized bank, achieving **90%+** fraud detection accuracy — strengthening document-fraud controls in high-compliance banking environment
- Collaborated across **5+** live client engagements, driving **ML/NLP**-led workflow automation that improved KPI tracking by **40%**

PROJECTS

VeritasIQ - Verified Intelligence | *GenAI, LLM, RAG, Semantic Search, Vector DB, NLP* | [VeritasIQ](#)

- Identified a core trust gap in AI-driven company research — LLMs state facts with confidence regardless of accuracy — and designed a cross-source verification framework spanning **5 independent data sources** (exchange, Wikipedia, news, filings, ratios)
- Built a weighted scoring methodology (8% tolerance band) converting **150-300 raw claims** per company into one interpretable score
- Delivered **SWOT, Porter's Five Forces**, and **Bull-vs-Bear** narratives for **15-25 companies**, strictly grounded in verified data
- Enabled faster, more reliable diligence than single-source or raw-LLM research, reducing hallucination risk in company research

SKILLS

Analytics & BI Tools: Power BI, Tableau, Advanced Excel, SQL, Python, Statistical Forecasting, EDA, ETL, A/B Testing
GenAI & Applied AI: GenAI, LLM, RAG, NLP, Prompt Engineering, Vector Databases, Machine Learning, LangChain
Methods & Frameworks: Product Lifecycle Management, Stakeholder Management, Agile/Scrum, Lean Six Sigma, Jira

POSITIONS OF RESPONSIBILITY

Exchange Coordinator | *International Relations Committee, IIM Kashipur* 2025 - Present

- Orchestrated exchange programs across **10+** global partner universities, including a partnership with the University of Nottingham
- Spearheaded international events, MUNs, and cross-cultural summits for **150+ participants**, strengthening global academic ties
- Led negotiations to onboard new university alliances and renew existing MOUs, expanding global exposure for **500+ students**

Organizing Committee Member | *Aarohan, MIT-WPU, Pune* 2019 - 2021

- Led end-to-end execution of Aarohan, MIT-WPU's 3-day flagship cultural fest, drawing **1000+ participant** turnout
- Oversaw artist coordination and seamless logistics across 3 marquee events — Pronite, Comedy Nite, Youtuber Fest and Theatre Fest
- Mobilised **200+ volunteers** across community drives including Run for Peace, Blood Donation and Tree Plantation campaigns

EXTRA-CURRICULAR ACTIVITIES & ACADEMIC ACHIEVEMENTS

- Published IEEE paper on '[Star Galaxy Classification using DL](#)', a CNN-based model achieving **~95%** classification accuracy 2024
- Trained 6 years in Bharatanatyam at Indian Cultural Academy; awarded distinction for cultural excellence 2022
- Volunteered with iVolunteer (NGO) — delivering educational and life-skills sessions for **55+** underprivileged children 2019
